

March 28, 1984

to join this organization which has big possibilities of growth either way. You join this association by your own choice or by choice of the voters as former legislators. Senator Ray Lundy.

SENATOR LUNDY: Thank you, Mr. President. It is a pleasure for me to introduce a predecessor but not an immediate predecessor. I don't see Senator Cope here today but I have as my distinguished guest today former Senator Les Robinson from Kearney who served in the Legislature starting in 1967 and completed four years total, two two year terms. It is a real pleasure to follow in footsteps that he had a few years back. He served Kearney well. He served the whole area well and continues to be quite active. Now there are those that have called him many names in this Legislative Chamber, and one of those, he is better known as a "bull shipper", a "bull shipper". Let's be sure and get it straight. Les Robinson has been a personal friend of mine for many years. Mrs. Lundy is entertaining his good wife, Charlotte, over under the south balcony. Would you please welcome Les Robinson.

PRESIDENT: Senator Chris Beutler.

SENATOR BEUTLER: Mr. President, legislators, guests, the 28th District has had the distinction as such we may call it of being represented by lawyers only since its inception in 1965. The first was a lawyer by the name of Hal Bauer and the second is the gentleman that I have the privilege of introducing to you today. He served from 1967 to 1979, went on to become the Lieutenant Governor of the State of Nebraska, and now is the Mayor of the City of Lincoln, our own Roland Luedtke.

PRESIDENT: Senator Shirley Marsh.

SENATOR MARSH: Thank you, Mr. President, and members of the Legislature, it is fun for me to be able to introduce one of my predecessors, Senator Fred Waggoner and his wife, Gwen. I would like to have you both stand so we may welcome you.

PRESIDENT: Senator David Landis.
